Open my eyes, get out of bed.
Stagger and stumble from my bunk.
Wash my face to clear my head.
Cleanse away the night time funk.

Stagger and stumble from my bunk.
Make my bed, put on my blues.
Cleanse away the night time funk.
Grab my ID, line up my shoes.

Make my bed, put on my blues.
Have to be inspection ready.
Grab my ID, line up my shoes.

Robotic regimen, nice and steady.
Wait at the door, shouldn't be long.

Bitter coffee, lukewarm but strong.
To chow and back, all a blur.
Wait at the door, shouldn't be long.
What did I want? I'm not sure.

Day after day, all a blur.
Wash my face to clear my head.
What did I do? I'm not sure.
Close my eyes, go back to bed.
